

Dear Commissioners:

Stop hidden phone fees so I can truly compare prices of phone services. I support the petition filed by the National Association of State Utility Consumer Advocates and endorsed by other consumer advocacy organizations. CG Docket No. 04-208, Petition for Declaratory Ruling Regarding Truth-In-Billing and Billing Format, is long overdue.

Phone bills should be truthful and easy to understand. IDTFolk told me that all of the 'charges' I asked about were FCC charges! Outrageous! "National Carrier" "Kings Co. 911" "Local Number Portability" "FCC Subscriber" "Federal Universal Service" "2.50 off Plan" "Subscriber Line Charge Waiver" "Metro Commuter Trans.District" "Other Surcharges" - what the HELL!!! My 114/2005 - 2/13/2005 bill STARTED OUT WITH -9dollars and ended up \$95.39! I am a Senior Citizen and I nearly had a HEART ATTACK! HELP!

And don't hide my name - I want EVERYONE to know about the HIGHWAY ROBBERY these phone companies are carrying out against us! Carol Taylor R.N. First Black U.S. Flight Attendant/Elder-Activist (718) 856 1271.

Because this practice is tolerated by the FCC, long distance and wireless phone companies are able to hide the true cost of service. These add-ons make the advertised price of service significantly less than the amount of the check I have to write each month to pay the bill. Competition will not work if consumers cannot accurately compare prices when shopping for service.

Many states are stepping up to address this problem. They should be allowed to proceed. However, the FCC shouldn't shirk its responsibility, nor limit states from doing more.

The FCC should immediately grant the NASUCA petition to investigate billing practices, and prohibit phone and wireless companies from imposing separate monthly fees, line items or surcharges unless expressly mandated by law or the charge is expressly authorized by a governmental authority.
